

In the Shadow of Lyapunov Exponents

(a mini workshop on dynamical systems, 2nd edition)

The main objectives of this meeting are to exchange ideas and to explain techniques used in the study of Lyapunov exponents. Each speaker is invited to define a concept, to describe a proof technique and to illustrate it in a simple yet relevant context, in other words, to reveal some of the secrets of her or his trade.

Coordinates

3rd February 2020, from 10:00 to 18:00, Tendas de Artes, PUC-Rio.

Speakers

Adriana Sánchez (São Carlos)
Ao Cai (Lisbon)
Catalina Freijo (Belo Horizonte)
Lorenzo Díaz (Rio de Janeiro)
Pedro Duarte (Lisbon)

Organizers

Silvius Klein and Aline de Melo
